

Summary of Impacts
Cost: \$30,000
Traffic Impacts: May increase traffic at Gateway Drive intersections. Vehicles need to travel 1 mile north or 0.75 miles south to nearest crossing.
Emergency Vehicles/Detours: Not available for use as a detour route or for emergency vehicles.
ND Mill: The 250' buffer zone is not required for a closed crossing. This increases rail storage by approx. 16 cars.
BNSF: Favorable of crossing closure.
Other Businesses: Feel closure of this crossing negatively impacts their businesses.
